Subject: Re: Project Feedback form

Pete and Paul -

On behalf of the City team, I wanted to express my thanks for all the hard work and excellent cooperation on this project. This really helped out in defining several issues for the City and has enabled the City to move forward on many fronts. Your efforts are certainly appreciated by me and thanks again for all your hard work. Excellent job!!

Pete,

Attached is the PFF for the work your team performed at the Panelyte site in Kalamazoo. This was an EPA, City of Kzoo , DEQ, bankruptcy trust, private consultant, Office of Regional Council and MDAG joint project. Your team came in and saved the day. Their performance at the site and delivery of hard data, knocked the socks off of everyone involved! You have a great team there, I KNOW you are proud of them. Thanks for all your people do.

Paul
